Description			
This request should deliver the second page: https://api.phycobank.org/phycobank/portal/agent.json?restriction={%22propertyName%22%3A%22markers.markerType.uuid%22%2C%22matchMode%22%3A%22EXACT%22%2C%22operator%22%3A%22AND%22%2C%22values%22%3A[%22c7cc1bcc-7e72-4ed5-8dba-e204363056a4%22]}&initStrategy=%24&initStrategy=titleCache&initStrategy=extensions.%24&initStrategy=identifiers.type&pageIndex=1 Instead the records starting at the position 1 are delivered. The portal website is e.g. https://www.phycobank.org/cdm_dataportal/search/agent?pager[pageIndex]=0 and https://test.e-taxonomy.eu/dataportal/preview/phycobank/cdm_dataportal/search/agent?pager[pageIndex]=0

Henning, do you have a portal page link for this request? It looks like the agent/author pages are not directly linked within the phycobank portal.
